APPENDIX F-140B

WEAPON SYSTEM ANALYSIS REPORT

PART B

WS1s PROCESSED AGAINST EACH WSDC

1. PURPOSE

   Provides a report that counts the WS1 submissions that were processed
against each WSDC in certain Supply Status Code (SSC) categories for
each Weapon System Action Taken Codes (WSATC), appendix A-79, and
including line (record) and WS1 column totals. This report summarizes
the action taken during processing which may not be the same as the
initially requested WSAC action. The F-140B displays data for all the
military services as well as the United States Coast Guard (USCG), the
National Weather Service (NWS), and the Federal Aviation Administration
(FAA).

2. ORIGIN

   Prepared from the weapon system transaction history table files, which
retains ninety days (3 months) records.

3. FREQUENCY

   Prepared as a minimum on a monthly basis or as per reporting period
dates indicated.

4. FORMAT

   a. Heading Line (Standard Identification).

      (1) MM/DD/YY - Month/Day/Year, this field represents the two
position numeric date (00/00/00) of the report request.

      (2) WS1s processed against each WSDC (F140B) From (_____) to
(_____) - This field reflects the in-the-clear title of the report
with the blanks being filled by the start date and the end date
respectively for the selected reporting period of the data activity
contained thereon.

      (3) S9(X) - Routing Identifier Code, appendix A-137, this field
reflects the center RIC (S9C, S9E, S9G, etc.) of the site from which the
report is generated.

b. Data Organization:

    (1) Sequence:

      (a) Major: By center RIC, WSDC, SVC, and None (gets all records).
      (b) Minor: By SSC 1/A, other than SSC 1/A, and by WSATC.

    (2) Number of lines per page: Varies with a maximum of _____ lines per window/screen page.

    (3) Spacing: Single-spaced between lines of data in groups and double-spaced between data groups.

    (4) Page Break is on: Data overflow.

    (5) Required Totals:

      (a) Total of all WS1s per WSATC category in the WSDC.

      (b) Total number of WS1 lines in the WSDC.

      (c) Total of all vertical columns of WS1s in the WSDC.

  c. Captions of Data Elements:

    (1) Vertical Captions:

      (a) WSDC - Weapon System Designator Code, appendix A-44, part 1, this field reflects the WSDC for which the WS1 activity data is totaled.

      (b) Current SSC of 1/A - Current Supply Status Codes of 1 or A, appendix A-50, this field identifies WS1s which were processed for SSC 1 or A NSNs against the WSDC during the reporting period in each of the WSATC categories and as follows:

        1. 1/A With SOH - 1 or A With Stock-On-Hand, this value represents the quantitative count of WS1s processed for NSNs currently assigned SSC/or A that have stock-on-hand.

        2. 1/A With No SOH - 1 or A With No Stock-On-Hand - This value represents the quantitative count of WSIs processed the NSNs currently assigned SSCs other than 1 or A that have no stock-on-hand.

      (c) Other Than SSC of 1 or A - Other Than Supply Status Code 1 or A, appendix A-50, this field identifies the WS1s with NSNs having SSCs other than 1 or A, which were processed during the reporting period and as follows:

        1. Non 1/A With SOH - Non 1/A With Stock-On-Hand, this value represents quantitative count of WS1s processed against the WSDC for NSNs assigned SSCs other than 1 or A that have stock-on-hand.

         <u>2</u>. Non 1/A With No SOH - Non 1/A With No Stock-On-Hand, this value represents the quantitative count of WS1s processed against the WSDC for the NSNs assigned SSCs other than 1 or A that have no stock-on-hand.

       (d) Column Total WS1s - This value represents the columnar totals of all counts for all WSATCs, appendix A-31, and the Line Totals column.

    (2) Horizontal Captions:

      (a) AA - Indicates an add action was taken.

      (b) AN - Indicates an action for a first time NSN add to the data base.

      (c) AC - Indicates a change (overlay) of WSEC/WSMC only was taken.

      (d) AD - Indicates a delete action was taken.

      (e) ND - Indicates a WSAC AD where no record existed to delete.

      (f) Line Totals - This value equals the total of all WS1 values for all WSATC categories.

5. DISTRIBUTION AND RETENTION

  This report is retained by the WSDB in the transaction history tables files for 90 days and requesters may retain hard copy printouts until the report has served the purpose for which it was intended.

6. PROCEDURES FOR REVIEW AND PROCESSING

  This report is generated for the review, analysis, and processing with another related weapon system reports and for inclusion in compilation of the RCS DLA(M)516(O). Reports may be used as support, backup, and source documents to any designated requirements or inquiries, and requests. Refer to appendix E-389 P and chapter 51 for further detailed processing procedures and information.

WS1s Processed Against Each WSDC (F140B)

File Help

10/02/97   WS1s Processed against each WSDC (F140B)   S9C
                        From 08/01/97 To 10/02/97

WSDC: VMA
